Honorable Commissioner of  
Patents and Trademarks  
Washington, D.C. 20231

REPLY UNDER 37 C.F.R. §1.111

Sir:

In reply to the Office action of August 22, 2002, it is respectfully requested that the following be entered and considered for further prosecution of the above-identified application:

R E M A R K S

Claims 1 to 7 remain as submitted upon filing of the application.

Consonant with the Examiner's requirement to elect a single disclosed species of the claimed invention, applicants herewith elect the process of increasing the elongation at break of moldings which are made from

(A) a core/shell emulsion copolymer of

a<sub>1</sub>) a non-crosslinked butadiene rubber graft base, and

a<sub>2</sub>) a styrene (a<sub>21</sub>) - acrylonitrile (a<sub>22</sub>) graft, and

(B) an amorphous or semicrystalline styrene/acrylonitrile copolymer,
